# 1			Product Category : 91369 Repair B1 Barracks Buildings Camp Shelby This project consists of making major repairs to building numbers: 1980, 1981, and 1982 to include their component systems due to the expected occurrence of deterioration over time thru fair wear and tear of these facilities. Repairs will consist of roof replacement, refinishing wall surfaces, repair/replacement of the HVAC system, electrical repairs, latrine repairs, and new flooring. In addition to these repairs, the facility will have a fire suppression and fire alarm system installed to bring it up to code.
