BRIEF JOB DESCRIPTION:
Instructor Requirements: The instructor is the manager of the day-to-day learning activities of students attending the course. Instructors must be prepared to administer all training and testing. Be technically proficient in the subject matter being taught. Be proficient in facilitating the learning activities of the students and administer training in accordance with the lesson plan in a professional manner. They must be responsive to the needs and problems of the students while they are under his/her control. The instructor is expected to provide solutions to problems or direct the students to the proper source for help. Instructors must maintain the training facilities in a manner that aids effective learning by ensuring course materials are on hand and facilities are neat, clean, and safe. Manage students with disciplinary, academic, or administrative problems. The instructor is responsible for contacting the student’s chain of command and course manager with any disciplinary problems, academic failures, and administrative problems. Follow guidelines IAW most current CMP issued by USAARMS.

Duties and responsibilities are as follows:

a. Evaluate and certify the training schedule(s) for the course.

b. Estimating requirements for maintaining adequate course materials on hand to support sustained operations.

c. Providing input to all equipment and facility forecasts necessary to support the course and ensure they are on hand or available when needed for training.

d. Performing initial counseling statements on Students.

e. Enforce the Risk Management Process and improving Instructors skills in assessing hazards, assessing hazards, developing controls, and implementing controls.

f. Provide input into the final class AAR.

g. Conducts professional development of company instructional staff and solicits opportunities through real-world missions for skill level maintenance and training for instructor growth.
