10. NOTE: ALL National Guard Members' service time is not correct. This record is missing 20 years of AGR title number time and any mobilization title number. Without that title number it's not possible to tell if this is what the VA considers credible service. This is NOT a good source of proof of service. Congressman Kelly's (MG) office is working on fixing this and several other problems which cause issues for National Guard to receive VA benefits. If you know the Congressman/ General please tell him thank you for championing our service.
